# June's Character Strength: Leadership

## WHAT DOES LEADERSHIP MEAN?

*You value each member of your group and inspire people to do their best.*

Leadership can be both formal and informal. It is concerned with getting others to do what needs to be done while maintaining group morale to ensure readiness to act in the future. This character strength's focus is on the *personal qualities* of leaders, rather than the *practice* of leadership. These qualities include the ability to understand others and inspire them toward a common goal, the capacity to mitigate conflict and mold consensus, and the desire to lead other people.

Positive psychology focuses on transformational leaders. This type of leadership is a process where "leaders and their followers raise one another to higher levels of morality and motivation." These leaders are able to create a vision, communicate the vision, develop a coherent strategy to achieve that vision, and lead the charge towards its attainment. Through their words and actions, these leaders develop an inspirational relationship with their followers. That is, they fill others with the spirit to attain the vision.

## From the Health Office

Parents, please be on the look-out for letters and Parent Square communications, in regards to the 2021-2022 school year. If your child is entering 9th or 11th grade, they will require an updated physical. If your child is entering 12th grade, they are required to have the second Meningitis vaccine. Also, look for medication pick up reminders! Remember, if your child wants to get a job this summer, they will need to have an up to date work permit. Recent physicals are required to update any work permits. Any questions, please don't hesitate to reach to me! (315)484-1402 or [mkrausnick@solvayschools.org](mailto:mkrausnick@solvayschools.org)
