STUDENT HANDBOOK/PLANNER

Solvay Union Free School District

Dear Students:

Welcome to an exciting new academic year at Solvay High School.

One important ingredient to student success in our school is organization. Organized students perform better academically and enjoy school more. This planner will help you to keep track of your scheduled classes, daily and long term assignments, quizzes, tests and club activities. You must carry the planner with you at all times. Take some time to become familiar with the planner by reading the information that we have provided for you. The beginning of the Student Planner explains the High School's policies and procedures. We have also provided other valuable information pertaining to the high school and to its services.

Please do become involved in our many diverse activities, clubs and/or sports that we offer throughout the school year. We hope that you will take advantage of many things that Solvay High School offers and that you will enjoy your school year. ACCIDENTS:

All injuries to students and staff while on school property or at school activities must be reported to the Health Office as soon as possible after the occurrence. The school nurse will inspect the injury and take the necessary steps, including the filing of an accident report.

BUS SCHEDULES:

Students will be informed of bus schedules prior to the start of school each year. After arriving at school, students are not to leave school property without parent permission and without an early dismissal pass from the Attendance Office.

EMERGENCY SCHOOL CLOSINGS:

- In the event of a closure or delay, notice will go out via School Messenger, email, and appear on the district home page at www.solvayschools.org. In addition, information regarding emergency school closings that may be necessary will be available on the following television and radio stations: CNY Central (Channels 3 & 5), LocalSYR (Channel 9), Time Warner News (Channel 10), WSYR 570 AM or 94.5 FM, WNTQ 93.1 FM, WTKW 99.5 FM, WSEN 92.1, and WCNV 91.3 FM.
- The decision to close or delay school openings will be made, if possible, prior to 6:30 a.m.
- In the event that an emergency situation occurs during the school day, early dismissal will be implemented. This may be required due to a severe weather situation or a condition rendering the building unsuitable for instructional purposes (i.e. power outage). Early dismissal will be announced on the radio and tv stations listed above.
- Closings will also be posted on the web at www.solvayschools.org

EMERGENCY PROCEDURES / REGULATIONS:

All persons in the building are required to comply with established emergency procedures when activated. Tampering with emergency equipment (fire alarms, extinguishers, defibrillators, exit signs, security cameras/systems, etc.) is strictly forbidden. Failure to comply with this policy will result in suspension and/or legal action. Bomb threats will be prosecuted to the fullest extent of the law.

FIRE AND SAFETY DRILLS:

Fire and safety drills will be conducted throughout the school year consistent with Section 807 of NYS Education Law. Directions for fire and safety drills are posted in each room and are to be followed without exception.

FUNDRAISING:

Fundraising related to school programs must have the approval of the administration. Fundraising/sales for personal gain is prohibited.

HEALTH SERVICES:

Students who become ill at school should report to the Health Office with a signed planner/pass. Students leaving school due to illness must be released by the nurse. After making an assessment, the nurse will contact the parent/guardian if the illness or injury needs treatment during the school day. Parents: please be sure to update your phone numbers on file at school and also the phone numbers of your child's emergency contacts in the event you are unavailable.

In the case of extended illness (3 or more missed school days), assignments may be obtained by calling the Guidance Office at 315-484-1401. For long term absences (i.e. extended illness, disability or surgery), contact both the Nurse and the Guidance Office.

Medication: All medicines (including both “over-the-counter” and prescription medications) used by students during the school day require a physician’s written permission. Per NYS law, the school nurse may administer medication to students only when the following have been satisfied:

1. A written request from the parent/guardian to administer the medication.
2. A written order from the physician or dentist stating the name of medication, dose, time(s) of administration, possible side effects, and duration of treatment.
3. The medication has been delivered to the nurse by the parent/guardian. Medication must be in its original container.

Students may not carry any medication during school hours or at school activities. (Exception: Asthma inhalers and Epi-Pen, with authorization established as above, may be carried by the student for emergency use.) Any student found with unauthorized medication (including “over-the-counter” preparations/supplements/vitamins/cough drops) will be held in violation of the drug policy.

Please note: The above requirements also apply to overnight field trips sponsored by a school organization. If your child will be attending such a field trip during the school year or during a school vacation but sponsored by a school organization, please consult the school nurse at 315-484-1402 for the required written permission your child will need.

LIBRARY LEARNING COMMONS:

Welcome to the Library Learning Commons (LLC)! It is our goal to help students discover what they love most in life, excel in academics, and pursue their goals and interests. We do this by providing flexible space, resources and assistance. We are not a traditional silent library. Students are encouraged to work collaboratively, share ideas and practice skills. The Library Learning Commons is open from 7:30 a.m. to 2:45 p.m.

Students are expected to follow the Library Code of Conduct:

- Students will act and speak in a way which demonstrates respect for themselves, staff and other students.
- Students will use space, conversation and materials for self-improvement and enrichment.
- Food/drinks are not permitted in the library.
- Students will carry out their conversations and activities in a way that does not interfere with others' productive use of the space.

Procedures:

- Students may come to the library during any period in which they have a study hall scheduled in Schooltool. To come during a lunch period, students must present a paper pass from a teacher to their lunch monitor and to Mrs. S. to sign in when they arrive in the library.
- Students must arrive on time, and sign in immediately upon entering the library. If students need to leave the library for a lesson or to take a test, they must sign out.

Library iStaff:

The iStaff is a group of students who assist with the day to day operation of the library as well as with long-term planning. Members have input on what is available in the library, what events we host, and how the space looks and feels. We meet monthly in the LLC, and new members are welcome at any time.

LOCKERS:

Each student is assigned an individual hall locker at the beginning of the school year. Lockers and combinations should not be shared with others and should be kept locked at all times. Lockers may not be written on or permanently decorated. Hall, gym, and instrument lockers are school property and students have no expectation of privacy regarding their use and items stored in their locker. School district administrators have the right to randomly search all lockers at any time if it is deemed necessary, as the school owns and control all lockers. The lockers are secured only to maintain privacy between students and should only be used for the storage of school-related material. Students should not expect privacy in anything that is placed in the locker. At the end of the school year, the locker should be completely clean or contents will be discarded. Any locker problems should be reported to the main office.

LOST AND FOUND:

Students who lose items should check to see if they have been turned in to the main office. Found articles should be taken to the main office.

PASSES:

Between 7:30 a.m. and 2:45 p.m., students in the hallway must have their planner with proper teacher signature. A pass is for one student only and, if a student is detained at the end of class by a teacher, nurse, principal, librarian, counselor, etc., the student will need a pass in order to enter the classroom. Lavatory passes are to be used only on the floor from which the pass was issued.

- Be reasonable in your requests for a pass; remember teachers do not have to sign the planner.
- Only you can use your planner; it is not transferable.
- Should you lose your planner, you may buy a replacement in the main office. The cost of a replacement planner is \$5.00.

STUDENT I.D.:

Student I.D. cards are issued during the school year. This card is to be carried at all times and presented to staff upon request. Students who lose their cards may obtain a replacement in the main office. This I.D. card is also used as a library card.

STUDENT LUNCH PROGRAM:

- Lunch is served from 10:28 a.m. – 12:38 p.m. Students may purchase only one student lunch. Additional items must be purchased a la carte.
- Breakfast is served from 7:10 a.m. – 7:25 a.m. each day, except when there is a school delay, half-day and when lunch is not served.
- Free and reduced meal applications must be renewed every year by October 15. Only one application per family, with all student names listed, is necessary.
- The district policy does not allow high school students to borrow/charge money for lunch from the cafeteria cashiers.
- The Food Service Program encourages prepayments. Options for prepayment:
 - During the student's lunch period
 - Online at www.myschoolbucks.com
 - Mailed to Solvay Food Service Program – Solvay High School, 600 Gertrude Avenue, Solvay, NY 13209Make checks payable to Solvay School Lunch Fund and include the student's name on the check.
- If you have any questions or concerns, please contact Pam Kinne at 315-484-1403.

STUDENT PARKING:

Student parking is NOT available on school grounds. The Village of Solvay has designated specific parking spots on the streets. All village parking regulations apply (odd/even, etc.).

STUDENT PHONES/ELECTRONIC DEVICES:

Students may obtain permission to use an office phone to call a parent/guardian in case of an emergency. Cell phone use is limited to hallways between classes during passing time and in the cafeteria during lunch periods, unless other arrangements have been made for a classroom specific activity with teacher permission. Having a cell phone out at any other time will result in confiscation, until such time that the phone is picked up by a parent/guardian. Disciplinary action may also be taken. Cell phone policies are strictly enforced.

Electronic devices that are brought into the school setting are done so at the student's own risk. The school district assumes no responsibility for damage, loss or theft of personal electronic devices on school property or at any school activity/function.

TEXTBOOKS:

Students are expected to treat textbooks and other materials properly and to pay for or replace them if lost or damaged. Each book is numbered and a complete record of all books issued is maintained. Lost, damaged or stolen books will only be replaced if the required fee is paid in the main office.

THEFTS/MISSING ITEMS:

Students should report all suspected thefts/missing items to the main office.

WORK PERMITS:

Students who are required to have work permits may obtain them from the health office. Forms can be picked up between 7:30 am and 2:45 pm in the health office. Requirements are as follows: Social Security number, complete physical within the last 12 months, and a parent signature on the form. Forms are also available on our website.

ACADEMIC INFORMATION**ACADEMIC CELEBRATION:**

For a student to participate in the Academic Celebration, he/she must meet one or more of the following criteria:

- 3 consecutive marking periods with 85+ % GPA
- Graduating with honors
- NHS inductee
- Presidential Academic Award winner

ACADEMIC DISHONESTY/PLAGIARISM:

What is Plagiarism? - Plagiarism is the act of stating or implying that another person's work is your own.

You commit plagiarism if you...:

1. submit a paper to be graded or reviewed that you have not written on your own.
2. copy answers or text from another classmate and submit it as your own.
3. quote or paraphrase from another paper without crediting the original author.
4. cite data without crediting the original source.
5. propose another author's idea as if it were your own.
6. fabricate references or use incorrect references.

7. submit someone else's presentation, program, spreadsheet, or other file with only minor alterations.

Most importantly, students must understand that all cases of academic dishonesty will result in the consequences listed in the district's disciplinary policy. Thus, pupils should consult their teachers, administrators and/or knowledgeable staff for the best ways to avoid academic dishonesty and for the correct methods used in proper documentation of sources.

Source note: The material listed above comes from the Purdue Owl Online Writing Lab site, accessed under the legal concept of "Fair Use," allowing use of information for educational purposes.

ADMISSION AND WITHDRAWAL:

Students eligible to attend Solvay High School are those whose parents or guardians are residents of the Solvay Union Free School District. Students who transfer in to the SUFSD from another district must reside with a parent or guardian. Exceptions to this must be approved by the Superintendent of Schools.

Students new to the school must be enrolled through the Counseling Center. Students who are withdrawing from school for any reason must complete the withdrawal procedure. This should be initiated by the Counseling Center. Returning students will be notified during the summer of procedures to be followed at the beginning of the school year.

AFTER SCHOOL (10th PERIOD):

After school academic assistance is generally offered from 2:10 pm – 2:45 pm, Monday-Thursday. Teachers are generally available during this time period for any student wishing to seek extra assistance in any academic area. Students may only stay after for sports, clubs, or academic support. Students are not allowed to stay for any other reason.

CLASS RANK POLICY:

Level I: 1.06 x each Advanced Placement Course (An Advanced Placement course that is defined and recognized by the College Board, and a course that must be taught by College Board regulations.)

Level I course offerings may change from year to year based on student enrollment. Level I classes also include SUPA Psychology and SUPA Sociology as well as OCC Physics and OCC Calculus.

Level II: 1.03 x each Honors, Accelerated Program (Each Honors and Accelerated course must have a Board of Education approved curriculum that has specific guidelines indicating that the curriculum is designed to challenge the student above a NYS Regents designated course).

Level II courses include: Honors English 9-11, Honors Social Studies 9-11, Geometry, Algebra 2/Trigonometry, Pre-Calculus and Honors Math 8th grade placement in Integrated Algebra.

Level III: 1.00 x each New York State Regents Preparatory and Each General course that includes classroom and out of classroom performance (each New York State Regents course must be approved by the New York State Education Department).

Level III courses include: All Regents courses (including band, chorus, vocal jazz, art, etc., and physical education with the recent designation by the New York State Education Department and general level courses).

Class Rank Calculation Formula: Class rank will be calculated first at the end of a student's junior year of high school or at the end of six semesters. All credit-bearing courses will be used. As in the past, full year (1 unit) courses will be calculated twice. Half-year courses (1/2 unit) will be calculated once. Courses taken in summer school, which the student failed to complete successfully within the school year, will be calculated once. Class rank will also be calculated after the 1st semester of the student's senior year or at the end of the seventh semester. The rank calculated at the end of the seventh semester will be communicated to colleges and universities for admission purposes. A student must be enrolled and have earned course grades from Solvay High School for at least three (3) consecutive semesters immediately preceding the date of the first class rank calculation to receive designation as class valedictorian or salutatorian.

Revised Policy, Adopted May 20, 2002

COUNSELING & CAREER CENTER:

The Counseling & Career Center is located on the first floor by the main office. The counselors work with students concerning scheduling, graduation requirements, college and career decisions and personal matters. Students who need to see their counselor during the school year should schedule an appointment.

COUNSELING SERVICES:

Counselors are here to help students requesting assistance with their high school program, post high school plans and personal problems. We encourage students to make good use of their services. The following are procedures for appointments: 1) obtain a required pre-signed pass; 2) keep the appointment and be prompt; and 3) EMERGENCIES are handled immediately.

COURSE FEES/LAB FEES:

All course fees are due no later than the end of the third week of class. Payments must be made in the main office. If the fee is not paid by the end of the marking period, all work will be collected and a grade of incomplete will be given until all fees are paid. Hardship cases should be brought to the attention of the Principal. All course fees are non-refundable. Exceptions will be made by the principal at the recommendation of the teacher. No refunds, partial or full, will be made after the end of the third week of class.

FINAL AND MID-TERM EXAMINATIONS:

Final and mid-term examinations are mandatory except for reasons beyond the student's control, such as an illness or emergency. Such extenuating circumstances will be determined by the administration. Otherwise, failure to take the final examination will result in a zero for the examination grade.

GRADES:

Students are encouraged to reach a high scholastic average, as well as to perform to the utmost of their abilities. Grade reports are issued quarterly to indicate to the student and parents how well the student is performing. The quarterly average is a composite of grades received in class work, homework, quarterly examinations, unit test scores and class participation.

All quarterly grades in grades 9-12 will be numerical (a percentage) with the exception of averages 49 and below. Such grades will be recorded as "F-" initially. All final exams, final course grades and school averages will be numerical. A student will receive credit for a course if the final average is 65 or better; see specific graduation requirements. High Honor Roll GPA will be equivalent to 90.0 and above and Honor Roll GPA will be equivalent to 85.0-89.9. Any student receiving a grade below 65, regardless of their overall average, does not qualify for honor roll status.

GRADE REPORTING:

Report cards are issued four times during the school year. Students who receive an incomplete must make up their work within five school days, except for physical education. A student will receive a "zero" for any work not completed in the allotted period. The teacher will then re-submit the appropriate grade.

If a student receives a failing final grade in physical education in 9th, 10th, or 11th grade, he/she will be required to complete the work in the following year if it is not made up by the end of the semester. Seniors will not receive their diplomas until physical education is completed either in the summer or in the following school year.

Students are not required to re-take courses for which they receive no credit unless that specific course is a requirement for graduation.

MAKE-UP WORK:

Students must take the initiative, contact the teacher to ask about make-up work or tests and make the necessary arrangements immediately upon returning to school, and must understand that they may be required to stay after school to make up this work. Students who are truant or who have unexcused absences may not be permitted to make up work and will receive zeroes for all work missed.

SCHEDULE CHANGES:

All student schedule changes should be completed within the first 10 school days of the semester. Students are to continue attending classes as scheduled until the schedule changes have been completely processed. Unless an extenuating circumstance exists, absolutely NO teacher changes will be made. Administrative approval must also be received.

A student cannot request a level change for a full year course until the end of the first marking period and NO requests will be considered after the 15th week of school. The request must be made to the student's counselor. A conference, if necessary, will be held between the student, parent, teacher, school counselor and principal.

A student cannot drop a required course; the school counselor will determine if a class is required. If the student will still have 6 credits, he/she can drop an elective class within the following timelines:

Full Year Course = 13 weeks Half Year Course = 7 weeks

If the course is dropped after these deadlines, the student receives an F- (49) and is assigned to a study hall.

STUDENT COURSE LOAD (BONA FIDE):

Students shall carry at least 6 credits each year. Classes taken outside the normal school day, such as Co-op/Work Study, do not count toward fulfillment of this requirement. Under extenuating circumstances, the Superintendent of Schools may waive this rule for special cases, such as a fifth year student who has not met necessary requirements for graduation, and for other special situations.

STUDENT RECORDS:

Students may consult with an administrator or counselor at any time concerning the contents of their school records.

SUMMER SCHOOL:

Summer school is conducted for the purpose of enabling students to meet a variety of academic needs. Both repeat and full credit courses can help students make up work, to improve skill competencies or to enrich their regular school experiences.

In our program, we do all that we can to feature successful teaching and learning. Enrolled students are obligated to meet teacher performance expectations and to comply with all summer school rules of conduct.

Summer school is a privilege and a student must earn the right to re-take a failed course in summer school by demonstrating the following:

1. He or she must achieve a final average of at least 50% in the failed course or have principal's approval.
2. He or she must have completed the course by meeting all the attendance policy requirements and sitting for the final exam.

The student's counselor will review the record and determine eligibility to re-take a failed course according to the above criteria. If denied access to a summer school course, the student may appeal the counselor's determination by petitioning the high school principal in writing for an informal hearing. The principal's informal hearing on an appeal will consist of a review and verification that all applicable policies and procedures were followed and that any failure of the student to meet all criteria was due to his or her own action or lack thereof. Decisions of the principal are final.

TESTING OUT OF CLASS:

If a student has completed a course and failed it and wishes to test out of the class at mid-year, he/she must meet the following criteria:

1. If the course was offered in summer school, the student must have failed the completed course twice. However, if the course was not offered in summer school, the student must have failed the completed course once. Meeting the attendance policy requirements and sitting for the exam determine the completion of the course.
2. The student must pass the first and second marking period with a minimum grade of 65 in each marking period.
3. The student must also pass a departmental assessment with a minimum grade of 65.
4. The student may test out of a class with the approval of the building principal. Administrative approval will be granted upon meeting the above criteria and by receipt of a counselor/teacher recommendation.
 - 4.1 Counselor/teacher recommendation will be made after careful consideration of the anticipated impact upon the student's successful completion of his/her curricula sequence.

Students are not allowed on school grounds for any reason during the period of suspension.)*

The corresponding disciplinary actions will apply to all students on school property and at school-sponsored activities. This includes school buildings, school grounds, school buses, etc. The consequences that follow are a "guide" to the school administration. They may be modified or changed (up or down) due to individual circumstances. This decision is to be determined by the high school administrator dealing with the student. The listed sanctions are advisory and, as a general rule, discipline will be progressive. *However, the district may impose any level of discipline, even for a first violation, that is proportionate to the misconduct at issue.*

Additionally, the Student Code of Conduct will be reviewed and consequences applied where applicable.

BULLYING: PEER ABUSE IN SCHOOLS:

Dignity For All Students Act

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting and intimidation. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of bullying, discrimination and/or harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission. Since cyberbullying is a form of bullying, the term "bullying" as used in this policy will implicitly include cyberbullying even if it is not explicitly stated. The District condemns and prohibits all forms of bullying, discrimination and/or harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of bullying, discrimination and/or harassment, outside of school sponsored events, which can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline.

Dignity Act Coordinator (at SHS—Neil Gottlieb, Assistant Principal)

At least one (1) employee at every school shall be designated as the Dignity Act Coordinator(s). The Dignity Act Coordinator(s) will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (identity or expression) and sex. The Board of Education shall appoint the Dignity Act Coordinator(s) and share the name(s) and contact information with all school personnel, students, and parents/persons in parental relation, which shall include, but is not limited to, providing the name, designated school and contact information by:

- a) Listing such information in the Code of Conduct and updates posted on the Internet website, if available;
 - b) Including such information in the plain language summary of the Code of Conduct provided to all persons in parental relation to students before the beginning of each school year;
 - c) Providing such information to parents and persons of parental relation in at least one district or school mailing or other method of distribution including, but not limited to, sending such information home with each student and, if such information changes, in at least one subsequent district or school mailing or other such method of distribution as soon as practicable thereafter;
 - d) Posting such information in highly visible areas of school buildings;
 - e) Making such information available at the district and school-level administrative offices.
- If a Dignity Act Coordinator vacates his/her position, another school employee shall immediately be designated for an interim appointment as Coordinator, pending approval from the Board of Education, within thirty (30) days of the date the position was vacated. In the event a Coordinator is unable to perform the duties of the position for an extended period of time, another school employee shall immediately be designated for an interim appointment as Coordinator, pending return of the previous Coordinator to the position.

Training and Awareness

Each District and Charter School shall establish guidelines for training which shall be approved by the Board of Education. Training will be provided each school year for all District employees in conjunction with existing professional development training to raise

staff awareness and sensitivity of bullying, discrimination and/or harassment directed at students that are committed by students or school employees on school property or at a school function. Training will include ways to promote a supportive school environment that is free from bullying, discrimination and/or harassment, emphasize positive relationships, and demonstrate prevention and intervention techniques to assist employees in recognizing and responding to bullying, discrimination and/or harassment, as well as ensuring the safety of the victims. Instruction in grades Kindergarten through 12 shall include a component on civility, citizenship and character education. Such component shall instruct students on the principles of honesty, tolerance, personal responsibility, respect for others, observance of laws and rules, courtesy, dignity and other traits which will enhance the quality of their experiences in, and contributions to, the community. For the purposes of this policy, "tolerance," "respect for others" and "dignity" shall include awareness and sensitivity to bullying, discrimination and/or harassment and civility in the relations of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, genders and sexes. Rules against bullying, discrimination and/or harassment will be included in the Code of Conduct, publicized District-wide and disseminated to all staff and parents. An age-appropriate summary shall be distributed to all students at a school assembly at the beginning of each school year.

Reports/ Investigations of Bullying/Cyberbullying, Discrimination and/or Harassment

Any student who believes that he/she is being subjected to bullying/cyberbullying behavior, discrimination, and/or harassment as well as any other person who has knowledge of or witnesses any possible occurrence of such, shall report the behavior to any staff member or the Building Principal. The District will investigate all complaints of bullying/cyberbullying, discrimination and/or harassment, either formal or informal, and take prompt corrective measures, as necessary. Complaints will be investigated in accordance with applicable policies and regulations. If, after an appropriate investigation, the District finds that this policy has been violated, corrective action will be taken in accordance with District policies and regulations, the Code of Conduct, and all appropriate federal or state laws. The District will annually report material incidents of bullying, discrimination and/or harassment which occurred during the school year to the State Education Department. Such report shall be submitted in a manner prescribed by the Commissioner, on or before the basic educational data system (BEDS) reporting deadline or such other date as determined by the Commissioner.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Any person who has reasonable cause to suspect that a student has been subjected to bullying, discrimination and/or harassment by an employee or student, on school grounds or at a school function, who acts reasonably and in good faith and reports such information to school officials or law enforcement authorities, shall have immunity from any civil liability that may arise from making such report. The Board prohibits any retaliatory behavior directed at complainants, victims, witnesses and/or any other individuals who participated in the investigation of a complaint of bullying, discrimination and/or harassment.

Cyberbullying Behavior

As with other forms of bullying, cyberbullying is an attempt to display power and control over someone perceived as weaker. Cyberbullying involving District students may occur both on campus and off school grounds and may involve student use of the District Internet system or student use of personal digital devices while at school, such as cell phones, digital cameras, and personal computers to engage in bullying.

Cyberbullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student or staff member by way of any technological tool, such as sending or posting inappropriate or derogatory e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings (including blogs).

Cyberbullying has the effect of:

- a) Physically, emotionally or mentally harming a student;
- b) Placing a student in reasonable fear of physical, emotional or mental harm;
- c) Placing a student in reasonable fear of damage to or loss of personal property; and
- d) Creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities.

Also, cyberbullying that occurs off-campus, that causes or threatens to cause a material or substantial disruption in the school, could allow school officials to apply the "*Tinker* standard" where a student's off-campus "speech" may be subject to formal discipline by school officials when it is determined that the off-campus speech did cause a substantial disruption or threat thereof within the school setting [*Tinker v. Des Moines Indep. Sch. Dist.* 393 U.S. 503 (1969)]. Such conduct could also be subject to appropriate disciplinary action in accordance with the *District Code of Conduct* and possible referral to local law enforcement authorities.

Anonymous Reporting of Bullying/Cyberbullying, Discrimination and/or Harassment

Any student who believes that he/she is being subjected to bullying/cyberbullying, discrimination and/or harassing behavior, as well as any other person who has knowledge of or witnesses any possible occurrence of such, may report the behavior anonymously utilizing the "tip LINE" located on the District webpage at www.solvayschools.org

Prevention and Intervention

Personnel at all levels are responsible for taking corrective action to prevent bullying/cyberbullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. Further, staff training shall be provided to raise awareness of the problem of bullying/cyberbullying within the schools and to facilitate staff identification of and response to such bullying/cyberbullying behavior among students.

Prevention and intervention techniques within the District to prevent against bullying/cyberbullying behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims and their parents to help ensure that the bullying/cyberbullying stops.

PRINCIPAL'S OPTION – EXCESSIVE MISCONDUCT:

Students who are involved in severe behavioral problems or who are repeatedly involved in disciplinary situations due to violations of the Code of Conduct may, at the discretion of the administration, be subject to a Superintendent's Hearing to consider long term or permanent suspension from school.

ADMINISTRATIVE POLICIES AND SCHOOL REGULATIONS

SEARCHES AND INTERROGATIONS OF STUDENTS:

Students are protected by the Constitution from unreasonable searches and seizures. A student may be searched and contraband/prohibited items seized on school grounds or in a school building by an authorized School District official only when the School District official has reasonable suspicion to believe the student has engaged in or is engaging in proscribed activity which is in violation of the law and/or the rules of the school (i.e., the District Code of Conduct). The reasonableness of any search involves a twofold inquiry. School officials must first determine whether the action was justified at its inception, and second, determine whether the search, as actually conducted, was reasonably related in scope to the circumstances which justified the interference in the first place.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

- a) The age of the student;
- b) The student's school record and past history;
- c) The predominance and seriousness of the problem in the school where the search is directed;
- d) The probative value and reliability of the information used as a justification for the search;
- e) The school official's prior knowledge of and experience with the student; and
- f) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student has violated or is violating the law and/or school rules, it is permissible for an authorized school official to search that student's outer clothing, pockets, or property. The search may include, but is not limited to, the student's outer clothing such as a jacket or coat, pockets, backpack, and/or purse. Whenever possible, searches will be conducted by a staff member of the same sex as the student and, whenever possible, another staff member will be present as a witness.

STRIP SEARCHES:

A strip search is a search that requires a student to remove any or all of his/her clothing, other than an outer coat or jacket. Strip searches are intrusive in nature and are almost never justified. If school officials have highly credible evidence that such a search would prevent danger or yield evidence, such a search may be conducted under exigent circumstances. In the alternative, if school authorities believe there is an emergency situation that could threaten the safety of others, the student shall, to the extent practicable, be isolated and secured. Police and parents will be contacted immediately.

SEARCHES AND SEIZURE OF SCHOOL PROPERTY:

Student desks, lockers, textbooks, computers, and other materials, supplies or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time. The purpose of these searches, when they occur, is to ensure the safety of students, faculty and staff, enhance school security and prevent disruptions of the learning environment. Searches have been proven to have a deterrent effect on student behavior. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over such property. This means that student desks, lockers, textbooks, computers, and other materials, supplies or storage spaces may be subject to search and/or seizure of contraband/prohibited items at any time by school officials, without prior notice to students and without their consent. However, a student's personal belongings contained within the locker, desk, etc. are subject to the reasonable suspicion standard for searches by an authorized school official.

QUESTIONING OF STUDENTS BY SCHOOL OFFICIALS:

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate school administrator. The student's parent/guardian may be contacted; the degree, if any, of parental/guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right/responsibility of school officials to contact appropriate law enforcement agencies, as may be necessary, with regard to such statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials (at least until after the questioning of students by school authorities has been conducted) are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him/her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

If deemed appropriate and/or necessary, the Superintendent/designee may also review the circumstances with School District legal counsel so as to address concerns and the course of action, if any, which may pertain to and/or result from the questioning of students by school officials.

LAW ENFORCEMENT OFFICIALS:

It shall be the policy of the School District that a cooperative effort shall be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions.

SCHOOL RESOURCE OFFICERS:

Districts may utilize School Resource Officers (SROs), law enforcement officers who work within the school building. There are different types of SROs: those employed by the District and those employed by local law enforcement. SROs, acting in their capacity as law enforcement, are held to a different search standard than School District staff. Searches by law enforcement SROs must be justified by probable cause, not the District's standard of reasonable suspicion. District staff need to clearly establish who is initiating and conducting a search, the District or law enforcement, and that the appropriate standard for such a search has been met.

INTERROGATION OF STUDENTS BY LAW ENFORCEMENT OFFICIALS:

If police are involved in the questioning of students on school premises, whether or not at the request of school authorities, it will be in accordance with applicable law and due process rights afforded students. Generally, police authorities may only interview students on school premises without the permission of the parent/guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations or general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they should take the matter up directly with the student's parent/guardian.

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent/guardian.

If possible, questioning of a student by police should take place in private and in the presence of the Building Principal/designee.

CHILD PROTECTIVE SERVICES' INVESTIGATIONS:

From time to time, Child Protective Services may desire to conduct interviews of students on school property. Such interviews generally pertain to allegations of suspected child abuse and/or neglect. The Board encourages cooperation with Child Protective Services in accordance with applicable Social Services Law.

2013 Board of Education Policy 7330

ATTENDANCE POLICY

Attendance at Solvay High School is recognized as an integral component of instruction and learning experience. Achievement is a measurement of what a student knows, what he/she can do and how well that student participates in class. These measurable student outcomes are criteria for excellence and are heavily attendance dependent. Accountability for learning begins with attendance. It must be the first priority.

Each student has the responsibility to attend regularly and to participate fully in class experiences and activities. Further, it is the student's responsibility to make up any and all classes from which he/she has been absent.

Our attendance policy at Solvay High School incorporates a minimum number of attendance days, or their equivalent as a class attendance/participation course requirement. Whenever a student drops below the minimum of 85% attendance in any course during a marking period, his/her grade is automatically carried as an incomplete. Students will be given an opportunity by their teacher to make up class absences. The 85% attendance/participation is a course requirement through each marking period for all courses. Unresolved attendance/participation may result in an incomplete (INC) for the marking period grade.

We believe that regular attendance contributes to improved academic performance, promotes continuity and reinforces learning.

ABSENCES—DEFINITION:

An absence is recorded for each and every occasion that a student is not present for a scheduled class. Absences may result from illness, doctor appointments, family vacations, suspensions from school, field trips, music lessons, career seminars, college visitations, truancy and any/all other occasions when the student is not in attendance to participate in a scheduled class.

ATTENDANCE OR ITS EQUIVALENT:

A student must be present for a minimum of 30 minutes of a 40 minute scheduled class. Homebound instruction is considered the equivalent of class attendance. Homebound instruction may be requested for long-term (in excess of 10 consecutive school days) illness/disability and must be approved by the school's doctor and District Administration.

The date and time of the final examination marks the end of or conclusion of a course. Any and all makeup experiences, activities or requirements are to be completed and in place by that time.

RECORDING ATTENDANCE:

Teachers will keep a daily class attendance record for each student enrolled in his/her class. The absences for each student will be recorded on the report card as notification to students and parents each marking period. Additionally, a 5-week interim report warning will be sent to the parent of any student whose absences exceed the maximum for that particular marking period.

1. Each student may be required to make up all class absences.
2. The time limit given to each student for making up work is one (1) week (5 school days). This is subject to extension by the teacher for extenuating circumstances.
3. A student may receive an incomplete (INC) on his/her report card whenever the number of absences for a class exceeds seven (7) or four (4) for P.E. The student's grade may not be calculated. The student has earned and may receive an incomplete (INC). The student has not met the 85% attendance requirement. Though the value of an incomplete is zero (0) for academic work not completed, the marking period grade of incomplete (INC) due to failure of the student to meet the 85% attendance requirement may be 50%.
4. Whenever a student responsibly makes up class work for absences reducing the number of absences for a marking period to seven (7) days, four (4) for P.E., or fewer, the student's grade may be calculated and recorded on the report card.
5. The actual number of class absences may be recorded on the report card. Each teacher will keep accurate attendance, recording both absences and makeup classes.
6. At the end of each marking period the student may have 5 days to make up absences for that marking period. The intent of this is to address attendance make up work only.
7. The student's academic average may not be recorded for a course whenever the attendance for that course is less than 85%. Because the attendance for that course is less than 85%, the course is considered to be incomplete. The final average grade for an incomplete due to failure of the student to meet the 85% attendance requirement may be 50%.

OPPORTUNITIES TO MAKEUP ABSENCES:

The following options are available and acceptable as opportunities for students to makeup class absences. All class makeup time/work/activities will be decided by the teacher. It is our policy that all teachers will provide for class makeup opportunities for absences. It is to be noted that each student is responsible for homework assignments when he/she has been absent from class. Students may make up absences as follows:

1. Attendance at another class during the day when the student has an open period.
2. Attendance at the 10th period extra help class from 2:10 p.m. to 2:45 p.m.
3. Meet with one's teacher if/when open periods are common.
4. Work may be sent home, completed by a student and returned to the teacher.
5. Homebound instruction for long-term disabilities.

6. Whenever a legal absence is prearranged (i.e., field trip, music lessons, or an absence/early dismissal due to medical or court appointment), the student should make every effort to prearrange class makeup time/work/activities with his/her teacher.

ATTENDANCE PROCEDURES

PLEASE NOTE: Written notes from a parent/legal guardian for excused absences should be sent within 24 hours upon the student's return to school. Students are required to provide the attendance office with their home telephone number, parents' work numbers, and an emergency number (relative, neighbor, etc.) at the start of the year. They must also notify the attendance office if any of these numbers change during the school year.

Late students are to report directly to the main office. After reporting to the main office, they will be issued a "Tardy Slip." The "Tardy Slip" allows the student to go directly and immediately to his/her scheduled class. If a student reports to class without the "Tardy Slip," he/she will be sent (with a planner pass) to the attendance office to sign in and acquire the pass.

Students who are to be excused from school early must present a note from their parents or guardian to the attendance office before 7:30 a.m. Any student who fails to provide an excuse for an absence or lateness to school may be referred to the assistant principal for disciplinary action. All excuses should include a telephone number(s) for parental/medical verification. Students must obtain an "Early Dismissal Pass" from the main office before leaving the building. A student may not exceed seven excused absences per quarter.

ABSENCES:

Truancy - a student absent from school without knowledge of the parent or guardian.

Unexcused Absence - a student absent from school or from class for a non-legal reason (including but not limited to: vacations, babysitting, day before/after junior prom or senior ball, school wide functions or unrecognized class* activities, etc.) *defined as freshman, sophomore, junior or senior classes. Students who are truant or who have an unexcused absence may not be permitted to make up missed work. They cannot perform/participate in school activities on the day of the absence or on a non-school day following an absence. A school day is considered being in attendance from 7:30 a.m. – 2:45 p.m. Students not assigned to a 10th period assignment may be dismissed at 2:06 p.m.

Any student who arrives to school after 8:30 a.m. or is dismissed before 1:30 p.m. must have a legal excuse to participate in interscholastic activities for the remainder of the day.

Suspensions by building administrators cannot exceed five days. A suspended student may not be in or around school during the period of suspension, which is in effect until the next school day. Students are prohibited from participation in any school activities, including spectator attendance, during suspensions. The Guidance Office may be contacted for homework assignments. Suspensions of longer than five days or exclusions from school are determined by the Superintendent of Schools.

Students who leave a dance, athletic contest, or special school event should not expect to re-enter. Rules at social events are the same as during school hours. The use of abusive language or gestures is forbidden. Students are expected to adhere to reasonable requests of teachers, administrators, and chaperones.

Events will end at the scheduled time. Students should pre-arrange timely transportation from school events since the building will be closed at the end of the activity. All students must have an ID in order to be admitted to school dances. The ID must be presented at the door. If a guest is allowed to attend a school function, the Solvay High School student is responsible for the actions of their guest.

CO-CURRICULAR ACADEMIC ELIGIBILITY POLICY

PHILOSOPHY OF ACADEMIC ELIGIBILITY:

In the Solvay School District, there are many opportunities for students to compete for positions of special and exceptional recognition. This includes interscholastic sport teams, drama and musical productions, All-county selection, officers of and participants in school-sponsored clubs, and other non-credit bearing areas of student participation. There are also privileges that are enjoyed by the student body which will be granted based on this policy. In order to qualify for these honors and privileges, it is important that priorities be established and that an appropriate balance be drawn between academic achievement and other areas of excellence.

DEFINITION OF TERMS:

Warning Period – The term “warning period” is defined as extending the marking period three weeks (grace period) when the student can participate and reaches either acceptable academic standards or becomes ineligible.

Ineligible – The term “ineligible” is defined as when a student is not participating, *at all*, in any events and/or activities until the next quarter grades are published. A student also becomes ineligible when he or she does not complete the plan during the warning period.

LANGUAGE AND KEY POINTS OF POLICY:

A student who would like to participate in a co-curricular/athletic event or activity or who would like to qualify for a school privilege must be carrying five classes plus physical education, maintaining a 65 overall average and be failing no more than one subject. Additionally, students must maintain eligibility during each marking period indicated by the 10, 20, 30 week report cards and by the final grades received in each class. Students must successfully resolve all “incompletes” by the end of the warning period. Furthermore, a student cannot drop a course to become eligible. When these criteria are not met, the student will be subject to a three week “warning period.” During the “warning period” the student *may* participate in co-curricular and/or athletic activities.

Successful completion of all offered summer school courses will count towards eligibility. In the event that the courses a student fails are NOT offered in summer school, the student will begin the following school year with a three-week “warning period”.

If a student fails a summer school class needed for eligibility, that failure will be used to determine the student’s eligibility in the fall.

WARNING PERIOD:

During the warning period a student is allowed to participate in all activities/events. Students have three weeks to achieve academic status and maintain it until the end of the quarter. In order to remain in good standing, a student must initiate and follow through with warning period procedures that includes taking the responsibility for weekly progress reports. The three-week warning period begins five days after the printed date of report cards, which will be determined by building principals. Quarter report cards mark the beginning of each warning period – 10, 20, and 30 weeks. Final grades will determine eligibility at the end of the school

year. A plan will be developed that includes weekly progress reports, extra help schedules, academic intervention/tutoring, etc. Failure to initiate or to complete the plan and meet academic standards renders a student ineligible.

PLAN:

In order to create the plan, the student meets with his or her guidance counselor, teachers of failed courses, and any other interested parties such as coaches and/or advisors to develop a plan. However, parental involvement and input will be required on each plan. To implement the plan successfully, communication with advisors and coaches will be a required component. As a result, names of students in the warning period and on the ineligible list will be provided to the staff.

DUE PROCESS:

Appeals and procedures concerning all decisions shall be made to the building principal.

STADIUM POLICY:

In the Solvay Union Free School District, we hope to create a safe and enjoyable environment for all spectators and participants at stadium events. We also want to protect the stadium from damage. Therefore, we have drafted these guidelines for behavior, sportsmanship, respect, and stadium use.

EVENT BEHAVIOR:

All participants and spectators will be expected to politely and courteously conduct themselves at all times. For example, there will be no fighting, pushing, or shoving. Additionally, spectators will not be running through the stadium, especially on the bleachers and handicap ramp.

Inappropriate or dangerous behaviors will not be allowed. The stadium environment will be respected and spectators will not be allowed to throw objects or to litter the facility. Violators will be asked to leave the stadium and school grounds.

SPORTSMANSHIP:

The Solvay Union Free School District expects all spectators and participants to display good sportsmanship. According to Section III rules noisemakers of any type are not allowed at athletic contests. This includes, but is not limited to thunder-sticks, penny-filled containers, air horns, etc. We also expect all spectators and participants to comply with Section III of the N.Y.S.P.H.S.A.A. The spectator code of behavior/ethics includes

1. Direct all energies to encouraging your team.
2. Avoid actions that offend visiting teams or individual players.
3. Show appreciation of good play by both teams.
4. Learn the rules of the game in order to be a more intelligent spectators.
5. Treat all visiting teams in a manner in which you would expect to be treated.
6. Respectfully accept the judgment of coaches and officials.
7. Encourage other spectators to participate in the spirit of good sportsmanship.
8. Be positive and support your team.
9. Be respectful of and comply with the directives of all stadium event staff.
10. All portions of the Solvay High School Code of Conduct are in effect and will apply to infractions.

RESPECT:

The Solvay Union Free School District expects all spectators and participants to behave respectfully and conduct themselves in a positive manner. We will not tolerate the use of profanity, abusive language, taunting of athletes, officials, spectators, or event staff.

The Dress Code will be enforced. There will be no indecent exposure. Spectators will comply with our code of conduct that prohibits inappropriate displays of public affection.

Violators will comply with event staff directives, or they will be removed from the stadium and school grounds.

STADIUM RULES:

Spectators will leave all pets at home. The only animals allowed in the stadium are assisted living or seeing eye dogs.

New York State Law prohibits the possession or use of tobacco products, drugs, or alcohol anywhere on school grounds at any time.

Spectators will not possess or throw recreational objects, such as beach balls, Frisbees, balls, etc. All student spectators will be seated in the bleachers. All spectators may be seated at the discretion of event staff for health and safety reasons. Spectators will not stand in the "No Loitering Zones". Adopted 05/15/06.

TECHNOLOGY ACCEPTABLE USE REGULATIONS FOR STUDENTS

INTRODUCTION: The Solvay Union Free School District (the "District") technology services exist to support the educational mission of the District.
