arr. Johnnie Vinson

Randall Standridge

About the Solvay Summer Band Program

The Solvay Summer Band Camp mission is to provide a high quality musical experience to all students enrolled in the Solvay Band Program.

Our program serves as a link between the end of one school year and the beginning of the next, creates opportunities for musicians to strengthen their skills, and provides students with an environment that will be musically-rich, fun, challenging and developmentally appropriate. Students perform together in a large ensemble concert band setting and rehearse a variety of literature throughout the week.

Flute

Jennifer Klix
