

## **Reputation**

I believe a good character helps you be successful. A bad character will ruin your reputation, much like muddy water will destroy white shoes if you choose to dip them into the dirty water. A good character will help you uphold a good reputation, and aid you in being the kind of student you need to be, to become successful. Developing character traits such as exceptional work ethic and/or persistence will help you to be successful in school, and uphold a positive reputation.

-Ulyana Onufriychuk, Grade 11
